Arcade Cabinet Front Elevation: A Drawing Guide

Original tasks 1, 2 / independent work

Task 1

A cabinet is 200 units tall. Zones are marquee 35, screen 80, control panel 30 and lower body 55. Do the zones sum to the total?

Task 2

A screen is 40 units wide and centred in a cabinet 90 units wide. What is each side margin?

Original tasks 3, 4 / independent work

Task 3

A control panel band is 18 units tall and its lip is 4 units tall. If the band starts 120 units from the bottom, where does the lip end?

Task 4

A coin door is 12 units wide and centred in a lower body 60 units wide. What are the side margins, and what is the total width used?
