Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Original task 1 / independent drawing and calculation

Task 1

In a 20 mm by 30 mm cell with baseline at the bottom and midline halfway up, draw a dollar sign with no serifs. State the stroke order and one check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Original task 2 / independent drawing and calculation

Task 2

Draw two dollar signs in separate cells using the single crossbar serif variant. The cells are 25 mm wide and 35 mm tall as a hypothetical example. Describe how you keep the serifs consistent.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Original task 3 / independent drawing and calculation

Task 3

A learner draws a dollar sign where the upper arc closes into a loop and the vertical stroke stops at the arcs. Identify two mistakes and give a fix for each.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Original task 4 / independent drawing and calculation

Task 4

Plan a practice row of five cells. Cells 1 and 2 are tracing, cells 3 to 5 are freehand. Describe the serif variant you will use and the final check for the row.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Task 1 / practice

Dollar sign / selected open S then bar / true cell dimensions / no universal typeface claim

NO SERIF / your drawing

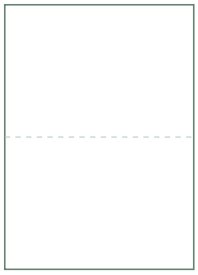

Use the original task and this assigned variant. Empty cells have only baseline/midline guides; do not copy a completed correction. State your own stroke order and check.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

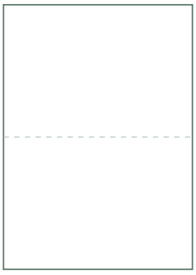

Task 2 / practice

Dollar sign / selected open S then bar / true cell dimensions / no universal typeface claim

YOUR SIGN 1

YOUR SIGN 2

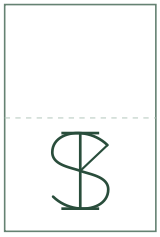

Use the original task and this assigned variant. Empty cells have only baseline/midline guides; do not copy a completed correction. State your own stroke order and check.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Task 3 / practice

Dollar sign / selected open S then bar / true cell dimensions / no universal typeface claim

GIVEN / inspect this sign

YOUR CORRECTION

Use the original task and this assigned variant. Empty cells have only baseline/midline guides; do not copy a completed correction. State your own stroke order and check.

Draw a Dollar Sign: Stroke Order and Serif Practice Plate

Task 4 / practice

Dollar sign / selected open S then bar / true cell dimensions / no universal typeface claim

Chosen bracketed variant in all five cells. Only cells 1 and 2 have light actual tracing models; cells 3 to 5 contain guides only. Keep the upper/lower/bar order, then serifs, and inspect your own result. The inset bar stays within the cell.
