Draw a Happy Birthday Banner: Lettering and Layout Guide

Original tasks 1, 2 / independent work

Task 1

A strip is 40 cm long with 2 cm margins each side. There are 8 letters, average width 3 cm, and 7 gaps of 1 cm. Does the lettering fit?

Task 2

A 60 cm strip has 3 cm margins each side and 12 letters. What is the spacing interval if you divide the usable length equally among the letters?

Draw a Happy Birthday Banner: Lettering and Layout Guide

Original tasks 3, 4 / independent work

Task 3

You plan 9 letters of average width 4 cm with 8 gaps of 1.5 cm. What is the planned lettering width?

Task 4

A banner has 13 letters and 12 gaps. If each gap is 1 cm and the word space adds 4 cm, what is the total gap allowance?
