Minotaur Drawing Plate: Horn, Torso, and Hoof Construction

Original task 1 / independent drawing and calculation

Task 1

A horn base is 20 mm wide and the tip is 8 mm wide. What is the average width?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Minotaur Drawing Plate: Horn, Torso, and Hoof Construction

Original task 2 / independent drawing and calculation

Task 2

A chest is 64 mm wide and the waist is 44 mm wide. How much does each side taper inward?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Minotaur Drawing Plate: Horn, Torso, and Hoof Construction

Original task 3 / independent drawing and calculation

Task 3

Two hooves are 24 mm and 27 mm wide at the ground. Do they match within 2 mm?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Minotaur Drawing Plate: Horn, Torso, and Hoof Construction

Original task 4 / independent drawing and calculation

Task 4

A frame is 200 mm tall. The figure measures 170 mm from ground line to horn tip. What margin remains at the top?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
