# Draw Seed Pods and Scattered Seeds with Clear Labels

Original task 1 / independent drawing and calculation

## Task 1

Draw a poppy pod 5 cm tall with a flat cap and a 1 cm stem. Label pod and stem. Describe where each leader line touches.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Seed Pods and Scattered Seeds with Clear Labels

Original task 2 / independent drawing and calculation

## Task 2

Scatter five seeds about 5 mm long in a 10 cm by 10 cm square. Label one seed. State the minimum spacing you used.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Seed Pods and Scattered Seeds with Clear Labels

Original task 3 / independent drawing and calculation

## Task 3

Draw a bean pod 9 cm long with one internal seam line and a 1.5 cm stem. Label pod, seed, and stem, placing one seed beside the pod.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Seed Pods and Scattered Seeds with Clear Labels

Original task 4 / independent drawing and calculation

## Task 4

Redraw your bean pod from the previous exercise but move all labels to the right side of the drawing. Keep x-height consistent. Explain why this is still valid.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

## Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
