Draw Seed Pods and Scattered Seeds with Clear Labels

Original worked example / unchanged complete key

Prompt: On a blank panel, draw one bean pod about 8 cm long with a short stem, scatter five seeds about 4 mm long, and label pod, seed, and stem with straight leader lines.

Answer: A bean pod outline 8 cm long with a 1 cm stem at the narrow end, five small ovals spaced at least 1 cm apart, and three labels on a baseline with straight leader lines touching the pod outline, one seed, and the stem.
