Draw a Simplified Hand with Blocky Finger Shapes

Original task 1 / independent drawing and calculation

Task 1

Draw a simplified hand with a palm 4 units wide and 5 units high. Use finger lengths 4, 5, 4, and 3 units. Attach a thumb 2 units long and 1 unit wide to the side. State the average finger length.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Simplified Hand with Blocky Finger Shapes

Original task 2 / independent drawing and calculation

Task 2

A student draws a palm 6 units high and four fingers of lengths 5, 7, 5, and 4 units. The thumb is 3 units long and attached to the top edge. Identify two mistakes and give a fix for each.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Simplified Hand with Blocky Finger Shapes

Original task 3 / independent drawing and calculation

Task 3

Using a palm 5 units wide and 6 units high, choose finger lengths so the average is 5 units and the middle finger is longest. Draw the hand and show your arithmetic.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Simplified Hand with Blocky Finger Shapes

Original task 4 / independent drawing and calculation

Task 4

Draw a simplified hand with a palm 3 units wide and 4 units high. Use finger lengths 3, 4, 3, and 2 units and a thumb 2 units long and 1 unit wide. Mark the baseline and midline. State the palm-to-middle-finger ratio.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
