Draw an Anime Male: Stylized Head, Hair Mass, and Body Proportions

Original tasks 1, 2 / independent work

Task 1

A head unit H is 4 cm. Using the seven-head convention, calculate the shoulder, waist, hip, knee, and foot levels downward from the skull top.

Task 2

A drawing has eyes placed one-quarter of the way from the midline to the baseline. State whether this matches the lesson convention and give a correction.

Draw an Anime Male: Stylized Head, Hair Mass, and Body Proportions

Original tasks 3, 4 / independent work

Task 3

A hair drawing shows many separate strands but no clear outer silhouette. Describe a two-mass fix and one check.

Task 4

A figure has shoulder width of one head width and a waist of two head widths. Identify the proportion problem and give a corrected target.
