# Draw Desert Animals: Camel Hump, Lizard Scales, Fennec Ears

Original task 1 / independent drawing and calculation

## Task 1

Draw a camel hump in a frame about 8 cm by 8 cm. Use a body line 8 cm long and a hump base 3 cm wide. Make the hump height 3 cm. Add one inner curve.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Desert Animals: Camel Hump, Lizard Scales, Fennec Ears

Original task 2 / independent drawing and calculation

## Task 2

Draw a lizard scale patch in a frame about 8 cm by 8 cm. Use two guide lines 2 cm apart. Draw four rows of six oval scales, each row offset by half a scale.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Desert Animals: Camel Hump, Lizard Scales, Fennec Ears

Original task 3 / independent drawing and calculation

## Task 3

Draw a pair of fennec ears on a head circle about 3 cm across. Each ear base is 1 cm wide, placed on top of the head with 1 cm between bases. Each ear is 2 cm long with a rounded tip and one inner curve.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Draw Desert Animals: Camel Hump, Lizard Scales, Fennec Ears

Original task 4 / independent drawing and calculation

## Task 4

Create a three-frame study sheet. In frame one, draw a camel hump with a 3 cm base and 3 cm height. In frame two, draw two guide lines 1.5 cm apart and fill the area with three offset rows of five oval scales, each row shifted half a scale width from the row above. In frame three, draw fennec ears with 1 cm bases and 2 cm length. Label each frame.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

## Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
