Draw Diverse People: Varied Builds and Facial Features

Original task 1 / independent drawing and calculation

Task 1

Figure A is 7 head units tall with shoulders 2 head units wide. Figure B is 6 head units tall with shoulders 1.5 head units wide. One head unit is 4 cm. Find both heights and shoulder widths in centimeters, then state two proportion differences.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Diverse People: Varied Builds and Facial Features

Original task 2 / independent drawing and calculation

Task 2

A head guide has head width 6 cm. Draw feature choices: eye spacing one-third of head width, nose length one-quarter of head height (head height 8 cm), mouth width one-half of head width. Compute each measure in centimeters.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Diverse People: Varied Builds and Facial Features

Original task 3 / independent drawing and calculation

Task 3

Figure C is 8 head units tall with shoulders 2.5 head units wide. Figure D is 6 head units tall with shoulders 1.5 head units wide. One head unit is 2.5 cm. Find heights and shoulder widths, then state whether the variety rule is met for proportion (at least two differences).

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Diverse People: Varied Builds and Facial Features

Original task 4 / independent drawing and calculation

Task 4

Design a new figure that differs from Figure A (7 head units tall, shoulders 2 head units wide, rounded jaw, medium eye spacing, short nose) in at least two proportion measures and at least three feature measures. State your chosen values and the differences.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
