Drawing a Toddler: Proportions, Pose, and Practice

Original task 1 / independent drawing and calculation

Task 1

A toddler drawing is 20 cm tall. Using the four-head-unit convention, what is the approximate head height in cm?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Toddler: Proportions, Pose, and Practice

Original task 2 / independent drawing and calculation

Task 2

A toddler figure has a 6 cm head and a torso from shoulder to hip of 9 cm. Does this match the convention of one and a half head units for the torso?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Toddler: Proportions, Pose, and Practice

Original task 3 / independent drawing and calculation

Task 3

A drawing shows a toddler 24 cm tall with a head of 4 cm. Is the head too small under the four-head-unit convention?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Toddler: Proportions, Pose, and Practice

Original task 4 / independent drawing and calculation

Task 4

A toddler has a 5 cm head. The arms reach 10 cm from the shoulder. Is this consistent with arms reaching mid-thigh if the torso is 7.5 cm and legs are 7.5 cm?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
