Veil Drawing: Head Placement and Drape Folds

Original task 1 / independent drawing and calculation

Task 1

Draw a head oval 8 units high with a crown anchor and a veil 12 units long falling behind the ear line. Add arrows 1 and 2 only.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Veil Drawing: Head Placement and Drape Folds

Original task 2 / independent drawing and calculation

Task 2

Add arrows 3 and 4 to the previous drawing: a return fold lifting the hem and a compression fold near the anchor. Shade valleys dark from upper left.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Veil Drawing: Head Placement and Drape Folds

Original task 3 / independent drawing and calculation

Task 3

Draw a veil that intentionally covers the face. Keep the crown anchor and use four numbered arrows. Shade with three values.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Veil Drawing: Head Placement and Drape Folds

Original task 4 / independent drawing and calculation

Task 4

Draw a blank head outline and map only the veil silhouette and four arrows without shading. Label hypothetical units for head height and veil length.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

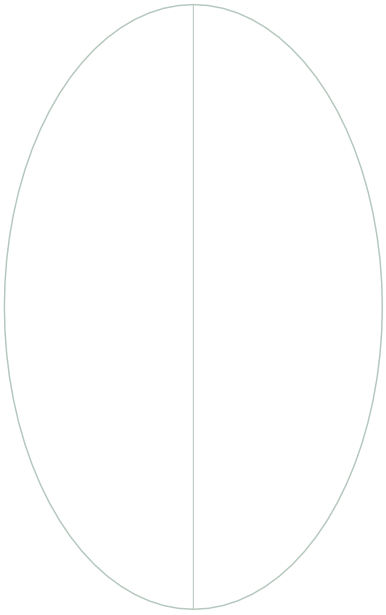

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.

Veil Drawing: Head Placement and Drape Folds

Task 1 / practice

Veil over head / selected 1 unit = 10 mm / head 8 units, crown-to-hem 12 units

The light head oval is a supplied placement guide. Add only your own silhouette/arrows/values for the assigned task; the lower box is blank for unit and self-check records.

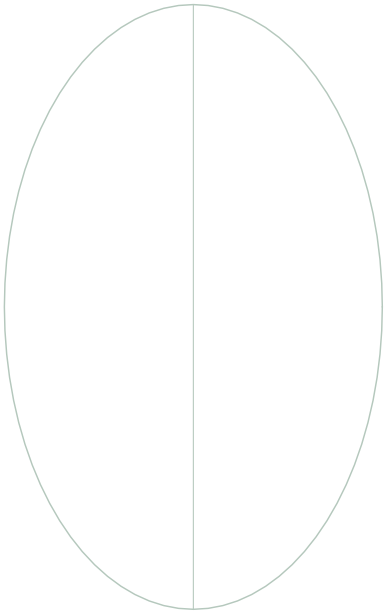

Head and veil lengths use a chosen 10 mm drawing unit, not typographic x-height. Arrows: 1 crown-to-shoulder fall; 2 side drape; 3 local hem return; 4 anchor compression. Upward local return/compression is intentional. Task 1 has only arrows 1 and 2; Task 4 has no shading. These are construction models, not a fabric-lighting standard.

Veil Drawing: Head Placement and Drape Folds

Task 2 / practice

Veil over head / selected 1 unit = 10 mm / head 8 units, crown-to-hem 12 units

The light head oval is a supplied placement guide. Add only your own silhouette/arrows/values for the assigned task; the lower box is blank for unit and self-check records.

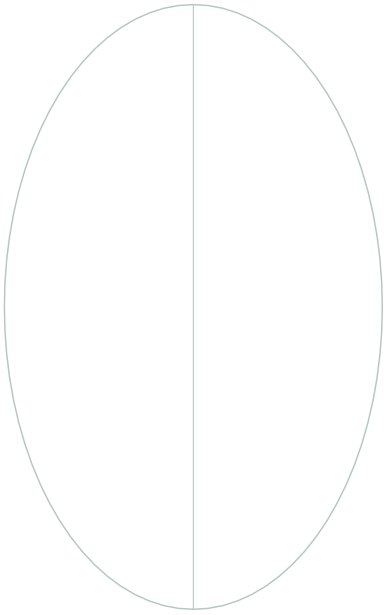

Head and veil lengths use a chosen 10 mm drawing unit, not typographic x-height. Arrows: 1 crown-to-shoulder fall; 2 side drape; 3 local hem return; 4 anchor compression. Upward local return/compression is intentional. Task 1 has only arrows 1 and 2; Task 4 has no shading. These are construction models, not a fabric-lighting standard.

Veil Drawing: Head Placement and Drape Folds

Task 3 / practice

Veil over head / selected 1 unit = 10 mm / head 8 units, crown-to-hem 12 units

The light head oval is a supplied placement guide. Add only your own silhouette/arrows/values for the assigned task; the lower box is blank for unit and self-check records.

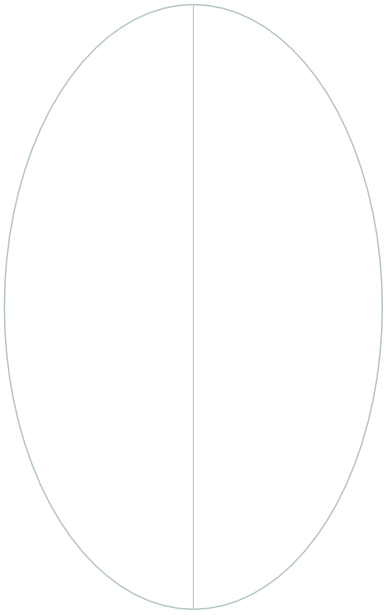

Head and veil lengths use a chosen 10 mm drawing unit, not typographic x-height. Arrows: 1 crown-to-shoulder fall; 2 side drape; 3 local hem return; 4 anchor compression. Upward local return/compression is intentional. Task 1 has only arrows 1 and 2; Task 4 has no shading. These are construction models, not a fabric-lighting standard.

Veil Drawing: Head Placement and Drape Folds

Task 4 / practice

Veil over head / selected 1 unit = 10 mm / head 8 units, crown-to-hem 12 units

The light head oval is a supplied placement guide. Add only your own silhouette/arrows/values for the assigned task; the lower box is blank for unit and self-check records.

Head and veil lengths use a chosen 10 mm drawing unit, not typographic x-height. Arrows: 1 crown-to-shoulder fall; 2 side drape; 3 local hem return; 4 anchor compression. Upward local return/compression is intentional. Task 1 has only arrows 1 and 2; Task 4 has no shading. These are construction models, not a fabric-lighting standard.
