Draw Demeter: Proportion, Drapery, and Staff Construction

Original task 1 / independent drawing and calculation

Task 1

Draw a proportion guide for Demeter on a 20 cm by 30 cm sheet. Use a 24 cm vertical axis, mark eight equal vertical segments, and place the head in the top segment. Describe where the shoulders, waist, and knees fall.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Demeter: Proportion, Drapery, and Staff Construction

Original task 2 / independent drawing and calculation

Task 2

A hypothetical staff is seven head-heights long. If one head-height is 3 cm, how long is the staff? Draw the staff beside the figure and mark the holding hand at waist height.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Demeter: Proportion, Drapery, and Staff Construction

Original task 3 / independent drawing and calculation

Task 3

Draw a robe with at least three long folds from the shoulder and two short folds at the elbow. Explain how you kept the folds from crossing the staff.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Demeter: Proportion, Drapery, and Staff Construction

Original task 4 / independent drawing and calculation

Task 4

Self-score a completed Demeter drawing using the rubric. Identify one strength and one fix, then redraw only the weaker part.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
