Drawing a Croquis: Proportion Guides and Pose Practice

Original task 1 / independent drawing and calculation

Task 1

A figure is 27 cm tall and uses a nine-head guide. What is the height of one head unit?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Croquis: Proportion Guides and Pose Practice

Original task 2 / independent drawing and calculation

Task 2

On a nine-head guide with a 2 cm head unit, at which head-unit boundary should the hip guide be placed according to the lesson convention?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Croquis: Proportion Guides and Pose Practice

Original task 3 / independent drawing and calculation

Task 3

A croquis has a head that measures 2.5 cm while the chosen head unit is 2 cm. Is the head consistent with the guide?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Drawing a Croquis: Proportion Guides and Pose Practice

Original task 4 / independent drawing and calculation

Task 4

You draw a walking pose with shoulders 1.2 head units apart and hips 1.5 head units apart on a 2 cm head unit. What are the shoulder and hip widths in centimeters?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
