Draw Tribal Tattoo Bands: Curved Taper and Point Construction

Original task 1 / independent drawing and calculation

Task 1

Draw a straight band 8 cm long with a hypothetical 10 mm width and a 20 mm taper at the right end. The centerline is a straight horizontal line. Describe your construction and checks.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Tribal Tattoo Bands: Curved Taper and Point Construction

Original task 2 / independent drawing and calculation

Task 2

Draw a curved band with a hypothetical 14 mm width and tapers at both ends, each 30 mm long. The centerline is a shallow S-curve about 12 cm long. Describe how you keep both tapers centered.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Tribal Tattoo Bands: Curved Taper and Point Construction

Original task 3 / independent drawing and calculation

Task 3

Draw two mirrored bands separated by a vertical mirror line. Each band has a hypothetical 12 mm width and one 25 mm taper pointing toward the mirror line. Describe the transfer and comparison steps.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Tribal Tattoo Bands: Curved Taper and Point Construction

Original task 4 / independent drawing and calculation

Task 4

Draw a band that splits into two tapered branches at a smooth curve. The main band has a hypothetical 16 mm width; each branch tapers over 20 mm to a point. Describe how you place the split and check both points.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
