Rainforest Drawing Plants: Leaves, Ferns and Vines

Original task 1 / independent drawing and calculation

Task 1

Draw a broad leaf 10 cm long with a midrib curved to the left and 5 veins per side. Describe the shape you produce.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rainforest Drawing Plants: Leaves, Ferns and Vines

Original task 2 / independent drawing and calculation

Task 2

Draw a fern frond 12 cm long with 7 leaflet pairs, largest at the bottom and smallest at the tip. Describe the spacing.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rainforest Drawing Plants: Leaves, Ferns and Vines

Original task 3 / independent drawing and calculation

Task 3

Draw a hanging vine 15 cm long with an S-curve, 2 side branches and 8 small leaves. Describe where the leaves sit.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rainforest Drawing Plants: Leaves, Ferns and Vines

Original task 4 / independent drawing and calculation

Task 4

Combine one broad leaf, one fern frond and one hanging vine in a single composition with slight overlaps. Describe the overlap order.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
