Draw a Gaming Setup: Desk, Monitor, Chair in One Scene

Original task 1 / independent drawing and calculation

Task 1

Draw a desk 50 units wide and 25 units tall with a monitor 20 units wide and 12 units tall centered on it. Add a chair with seat height 15 units in front. Check that the monitor width is less than the desk width and the seat is lower than the desk top.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.
