Pencil Scenery Drawing: Foreground, Midground, and Horizon Layers

Original task 1 / independent drawing and calculation

Task 1

On a 15 cm by 25 cm sheet, place the horizon 8 cm from the top. Divide the space below into a midground band of 7 cm and a foreground band of 10 cm. Sketch one midground triangle and one foreground circle. State the band measurements and describe the pressure you used for each shape.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil Scenery Drawing: Foreground, Midground, and Horizon Layers

Original task 2 / independent drawing and calculation

Task 2

A learner draws a horizon at 6 cm from the top on a 20 cm sheet, then draws a midground oval that extends from 5 cm to 9 cm from the top. Identify the error and state a correction using the layer method.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil Scenery Drawing: Foreground, Midground, and Horizon Layers

Original task 3 / independent drawing and calculation

Task 3

On a 30 cm sheet, the horizon is 12 cm from the top. The midground band is 9 cm tall and the foreground band is 9 cm tall. A learner claims the three zones sum to 30 cm. Check the arithmetic and state whether the claim is correct.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil Scenery Drawing: Foreground, Midground, and Horizon Layers

Original task 4 / independent drawing and calculation

Task 4

Describe how to adjust a drawing where the foreground lines are not darker than the midground lines. Include one pressure change and one observation check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
