Anime Dress Drawing: Exaggerated Skirt, Collar, and Fold Lines

Original worked example / unchanged complete key

Prompt: Draw an anime dress with a flared skirt, a pointed collar, and three fold lines per side. Use a shoulder width of 6 cm and a hem width of 14 cm (hypothetical values).

Answer: Draw a 15 cm vertical center line. Mark shoulder line at top, waist line 5 cm down, hem line at bottom. Draw bodice side lines from shoulders (6 cm apart) tapering to waist (4 cm apart). Draw skirt side lines from waist flaring to hem (14 cm apart). Add a pointed collar: two triangles from neckline meeting at center front, each tip 2 cm from center line. Add three fold lines per side: start at waist at center front, mid-side, and side; curve gently to hem without crossing. Check symmetry by measuring from center line to each side at waist and hem, and confirm hem width 14 cm is at least twice waist width 4 cm.
