Trio Pose Drawing: Balance, Overlap, and Three-Figure Composition

Original tasks 1, 2 / independent work

Task 1

Three figures stand on one ground line. A is left, B center, C right. B leans left onto A. C stands behind B. State a valid overlap order and where B's balance line should tilt.

Task 2

A trio has equal gaps of 2 cm between figures and all three stand upright with no contact. Name one composition problem and one fix using varied spacing.

Trio Pose Drawing: Balance, Overlap, and Three-Figure Composition

Original tasks 3, 4 / independent work

Task 3

Figure C is drawn first, then B, then A. In the final drawing A covers B's torso and B covers C's arm. Is the overlap order consistent? Explain.

Task 4

A leaning figure's balance line passes through the outer edge of the supporting foot and the torso appears to tip. Suggest one adjustment and one check.
