Trio Pose Drawing: Balance, Overlap, and Three-Figure Composition

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Trio Pose Drawing: Balance, Overlap, and Three-Figure Composition

Worked example / complete source key

Three figures stand on one ground line. Figure A is left and leans right toward B. B is center and stands upright. C is right and stands slightly behind B. Choose an overlap order and describe balance lines.

Answer: Overlap order: B in front, A middle, C back. A's balance line tilts right toward the contact point at B's left shoulder. B's balance line runs near the center between both feet. C's balance line runs through the right foot and is partly hidden by B. All three contact points sit on the same ground line, and spacing is close between A and B, wider between B and C.
