Colorful Landscape Drawing: Palette and Layering

Original tasks 1, 2 / independent work

Task 1

On a 15 cm by 20 cm sheet, place the horizon at 6 cm from the top. Divide the area below into two equal bands. Name the three zones and state one color for each from a three-color palette.

Task 2

A drawing has background hills, midground trees, and foreground rocks. List the correct layer order and describe one overlap that proves the order.

Colorful Landscape Drawing: Palette and Layering

Original tasks 3, 4 / independent work

Task 3

You have blue, green, yellow, and orange. Background uses blue and orange clouds; midground uses green; foreground uses yellow. Where should the accent color repeat, and why?

Task 4

After a squint-check, foreground and midground merge. Give two specific fixes using only value or size changes, not new colors.
