Face Contour and Highlight: Drawing Light Direction

Original tasks 1, 2 / independent work

Task 1

A face oval has a light-direction arrow pointing from the upper right toward the lower left. Describe where to place one highlight on the forehead and one contour line on the cheek.

Task 2

A face oval has a light-direction arrow pointing straight down from above. Describe where to place a highlight on the nose bridge and a contour line on the chin.

Face Contour and Highlight: Drawing Light Direction

Original tasks 3, 4 / independent work

Task 3

A face oval has a light-direction arrow pointing from the left toward the right. A student places a highlight on the right cheek and a contour line on the left cheek. Using the lesson convention, explain what is wrong and how to fix it.

Task 4

A face oval has a light-direction arrow pointing from the lower left toward the upper right. Describe a balanced set of two highlights and two contour marks, and state the count check.
