Gold Crown Drawing: Metallic Shading and Highlight Placement

Original tasks 1, 2 / independent work

Task 1

Draw a four-point gold crown with light from the upper left. Use three values and place one highlight per point. Describe your shading choices.

Task 2

Draw a five-point gold crown with light from directly above. Use a dot-highlight convention and state it. Describe how the band is shaded.

Gold Crown Drawing: Metallic Shading and Highlight Placement

Original tasks 3, 4 / independent work

Task 3

Draw a three-point gold crown with light from the lower right. Add one secondary highlight. Explain where the secondary highlight goes and why.

Task 4

Draw a six-point gold crown with light from the upper left. Use a stroke-highlight convention. Describe how you vary highlight size across the points.
