Pencil House Drawing: Roof Shading and Wall Texture

Original task 1 / independent drawing and calculation

Task 1

On scrap paper, make three swatches labelled light, mid and dark using one pencil. State the pressure or layering used for each. Then check them at arm's length.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil House Drawing: Roof Shading and Wall Texture

Original task 2 / independent drawing and calculation

Task 2

Draw a simple roof with two planes: one facing upper left and one turning away. Shade the light-facing plane with light tone and the away-facing plane with mid tone, strokes along the slope. Add a narrow dark accent under the eaves. Describe your light direction in one sentence.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil House Drawing: Roof Shading and Wall Texture

Original task 3 / independent drawing and calculation

Task 3

Draw a rectangular wall area. Apply vertical marks for texture: sparse for light tone on the left half, denser for mid tone on the right half, and layered marks near the top edge for dark tone. Keep small white gaps. State one check you will use.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Pencil House Drawing: Roof Shading and Wall Texture

Original task 4 / independent drawing and calculation

Task 4

Combine a two-plane roof and a textured wall into one small house drawing. Use light from the upper left. Include the three roof tones, wall texture with density change, and a written light-direction sentence. List two checks you will perform.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
