Layered Mountain Scene Drawing: Foreground, Midground, Background

Original tasks 1, 2 / independent work

Task 1

On 8 by 10 inch paper, place a horizon 2 inches from the top. State three band boundaries in inches and name one shape for each layer.

Task 2

A drawing has background value 4, midground value 6, foreground value 8 on a 1 to 10 dark scale. Does the value order support depth? Explain.

Layered Mountain Scene Drawing: Foreground, Midground, Background

Original tasks 3, 4 / independent work

Task 3

You have drawn three background ridges and two midground mountains, but no line overlaps. Describe one specific change that creates an overlap and state which layers it connects.

Task 4

A foreground tree is drawn smaller than a background ridge. State the detail-size problem and one fix using the rubric.
