Draw a Person Sitting in a Chair: Contact Points and Posture

Original tasks 1, 2 / independent work

Task 1

A figure sits on a stool with both feet on the floor and no backrest. Mark contacts and state the posture guide.

Task 2

A figure leans forward with elbows on knees and feet flat. Mark contacts and explain why the back contact is absent.

Draw a Person Sitting in a Chair: Contact Points and Posture

Original tasks 3, 4 / independent work

Task 3

A figure sits with one foot flat and one foot lifted slightly off the floor. Mark contacts and note the contact count.

Task 4

A figure sits upright but the back contact is low on the backrest. Describe how to adjust the posture guide and contact mark to show a slight forward lean.
