Banquo Figure Drawing: Costume and Stance Construction

Original task 1 / independent drawing and calculation

Task 1

On plain paper, draw a proportion guide for a Banquo figure using seven head heights. Mark crown, chin, waist at unit three, and feet at unit seven. Then sketch a stance with the weight on the left leg and the right foot angled outward. Describe where the left foot sits relative to the left hip.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Banquo Figure Drawing: Costume and Stance Construction

Original task 2 / independent drawing and calculation

Task 2

Draw a simple torso and hip block for a Banquo figure with a slight hip tilt toward the right supporting leg. Add an underlayer, a main tunic, and a belt. In what order should the overlaps appear at the waist?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Banquo Figure Drawing: Costume and Stance Construction

Original task 3 / independent drawing and calculation

Task 3

A figure is drawn with a head height of 2.5 cm and an eight-unit guide. The student places the waist at 10 cm below the crown. Is this consistent with a waist at four head heights? Show the arithmetic.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Banquo Figure Drawing: Costume and Stance Construction

Original task 4 / independent drawing and calculation

Task 4

Draw a cloak over a weight-shifted Banquo stance. Add three folds on the supporting side and three on the free side. State one visible difference between the two sets of folds and one check that confirms the cloak follows the body's tilt.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
