Cat Legs Drawing: Joint Bends and Front/Back Comparison

Original tasks 1, 2 / independent work

Task 1

Draw a front leg with shoulder, elbow, and wrist. Make the elbow offset small and behind the shoulder-to-wrist line. Label the elbow.

Task 2

Draw a back leg with hip, knee, and ankle. Make the knee point forward and the ankle point back. Label the knee.

Cat Legs Drawing: Joint Bends and Front/Back Comparison

Original tasks 3, 4 / independent work

Task 3

Draw a front leg and a back leg on equal-height baselines. Make the back leg upper segment longer than its lower segment. Check the middle-joint angles.

Task 4

Draw two back legs side by side. In one, make the knee bend sharper; in the other, make it gentler. Label both knees and state which is sharper.
