Hare Drawing Easy: Ear, Hind-Leg and Body Proportions

Original task 1 / independent drawing and calculation

Task 1

A side-view hare has body length 10 cm and ear length 6 cm. Using the convention, compute the ear-to-body ratio and state whether it meets the practice target of 1.0.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Hare Drawing Easy: Ear, Hind-Leg and Body Proportions

Original task 2 / independent drawing and calculation

Task 2

A hind leg is drawn with hip at the top, knee forward and high, hock back and low, and foot pointing up. Identify the error and describe the corrected construction.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Hare Drawing Easy: Ear, Hind-Leg and Body Proportions

Original task 3 / independent drawing and calculation

Task 3

A body is drawn as a circle of diameter 6 cm with no taper. Using the convention, describe how to reshape it so the chest is deeper than the hips, and give one checkable measurement.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Hare Drawing Easy: Ear, Hind-Leg and Body Proportions

Original task 4 / independent drawing and calculation

Task 4

A drawing has ear length 9 cm, body length 8 cm and hind-leg length 5 cm. Compute both ratios, state which is furthest from the practice targets, and give one adjustment.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
