Puma Drawing Easy: Head, Paw and Body Proportion Guide

Original tasks 1, 2 / independent work

Task 1

A head circle is 5 cm across. The body length should be twice the head height. What body length should you draw?

Task 2

The muzzle width is 1.5 cm. The paw width should equal the muzzle width. The main pad should be one third of the paw width. What main pad width should you draw?

Puma Drawing Easy: Head, Paw and Body Proportion Guide

Original tasks 3, 4 / independent work

Task 3

A standing puma drawing has a head height of 4 cm and a body length of 6 cm. Is the body proportion correct according to the guide? If not, what should the body length be?

Task 4

A paw is drawn 2 cm wide with four toe pads and a main pad. The toe pads are placed in a straight line and one toe pad overlaps the main pad. Name one mistake and one fix.
