Puma Drawing Easy: Head, Paw and Body Proportion Guide

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Puma Drawing Easy: Head, Paw and Body Proportion Guide

Worked example / complete source key

Draw a standing puma using a head circle 4 cm across. The body length should be twice the head height, and the paw width should equal the muzzle width. Label the eye line and main pad.

Answer: Draw a 4 cm cranium circle. Add an eye line halfway down. Draw a muzzle about 1.3 cm wide. Make the torso box 8 cm long, which is twice the 4 cm head height. Draw legs about 8 cm long. Draw paws 1.3 cm wide to match the muzzle. Place four toe pads in an arc and a three-lobed main pad. Label the eye line and main pad legibly.
