Realistic Pumpkin Drawing: Rib Shading, Stem Texture, and Cast Shadow

Original tasks 1, 2 / independent work

Task 1

A pumpkin oval is 10 cm wide and 6 cm tall. The light is from the upper right. On a left-side rib, where should the light value and dark value go? Where should the cast shadow fall?

Task 2

A student draws eight rib lines on a pumpkin but two lines cross near the top pole. Describe how to fix the construction and what to check at the poles.

Realistic Pumpkin Drawing: Rib Shading, Stem Texture, and Cast Shadow

Original tasks 3, 4 / independent work

Task 3

A pumpkin is lit from the upper left. The cast shadow is drawn as a small circle directly under the pumpkin, not touching the base. Identify the mistake and describe the corrected cast shadow.

Task 4

A stem is drawn with horizontal strokes across its width. The light is from the upper left. Describe how to change the strokes and where to keep the stem lighter and darker.
