Panda Bear Pencil Drawing: Fur Construction and Shading

Original task 1 / independent drawing and calculation

Task 1

On a spare sheet, draw a head circle 3 pencil-widths wide and a torso oval 6 pencil-widths tall. Mark fur-flow arrows from the crown outward and from the spine toward the belly. Do not shade yet.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Original task 2 / independent drawing and calculation

Task 2

Create a three-value scale on scrap paper: light, middle, dark. Then shade a small oval using only middle and dark values, leaving a light highlight. Describe where the highlight sits.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Panda Bear Pencil Drawing: Fur Construction and Shading

Original task 3 / independent drawing and calculation

Task 3

Draw a sitting panda construction using a head circle 4 pencil-widths wide and a torso 8 pencil-widths tall. Add front legs descending from the shoulders and hind legs folded at the base. Check the pose before adding fur.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Original task 4 / independent drawing and calculation

Task 4

Add fur strokes and layered shading to your sitting panda construction. Use at least three tone values and keep white fur lighter than black fur. Then list two valid alternatives you could have chosen for stroke length or edge softness.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
