Sleeve Drawing: Cap, Cuff, and Seam Construction

Original worked example / unchanged complete key

Prompt: Draw a symmetric sleeve with a 12 cm cap base, an 8 cm cuff width, a 3 cm cuff height, and a 1 cm hem allowance. Label cap, seam, cuff, and hem.

Answer: A flat sleeve diagram with a vertical center line, a smooth cap arc peaking at the top, cap base 12 cm wide, side seams tapering to an 8 cm cuff, a 3 cm cuff band parallel to a hem line 1 cm below, and four legible labels. Left and right widths match at cap base and cuff.
