Draw A–Z Letters with Stroke Order: A Guided Practice

Worked illustration

Follow this lesson pen order / print scale 1 / dimensions describe the original drawing

Worked E / full-width horizontal strokes

E / frame 40 x 60 mm

Numbers mark the pen order. Solid starts; open unshared ends. Joined parts can share a start or stop.

Draw A–Z Letters with Stroke Order: A Guided Practice

Original worked example / unchanged complete key

Prompt: Draw a capital E in a box 4 cm wide and 6 cm tall using the convention: vertical stem top to bottom, then horizontals left to right. Describe the stroke order and check the result.

Answer: Stroke 1: vertical stem from the cap line to the baseline at the left side of the box. Stroke 2: top horizontal from the stem to the right side at the cap line. Stroke 3: middle horizontal from the stem to the right side at the midline. Stroke 4: bottom horizontal from the stem to the right side at the baseline. Check: the stem is upright and touches both cap line and baseline; the three horizontals are level and reach the right side; the middle horizontal sits at the midline. The letter height is 6 cm and the width is 4 cm, matching the box.
