Cartoon Hairstyles: Bangs, Curls, and Ponytail Variations

Original worked example / unchanged complete key

Prompt: Draw a cartoon head with side-swept bangs and a high ponytail. Use a 6 cm by 4.5 cm oval head, a hairline 1 cm above the eye line, and a ponytail tie at the crown.

Answer: The head is an oval with a center line and eye line. The hairline curves from ear to ear 1 cm above the eye line. The hair mass outlines the top and sides. Side-swept bangs form a diagonal wedge from the left temple to a point near the right temple, leaving the eyes clear. A small tie sits at the crown, and a tapered tail arcs upward then down, about 2 cm wide at the tie and ending in a rounded point. One interior curve shows the tail's flow.
