Draw a Hugging Pair: Arm Wrap, Torso Contact, and Head Tilt

Original worked example / unchanged complete key

Prompt: Draw a hugging pair on a 20 cm by 25 cm sheet. Use a 3 cm contact zone, 1 cm torso overlap, and 12 degree head tilts. Show one arm wrapping to the far side.

Answer: A finished drawing shows two overlapping torso ovals inside the 3 cm zone, one curved arm crossing to the far side with a simple hand, and two head axes tilted 12 degrees toward each other. The baseline and midline are labelled, and all measurements use centimetres.
