Ink Animal Textures: Fur Strokes and Scale Patterns

Original task 1 / independent drawing and calculation

Task 1

Draw a 5 cm square fur patch using 10 tapered strokes that all flow from top to bottom. Count your strokes.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Ink Animal Textures: Fur Strokes and Scale Patterns

Original task 2 / independent drawing and calculation

Task 2

Draw a staggered scale pattern with 4 rows and 5 columns on a 5 cm square. Add a shadow stroke under each scale's lower edge.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Ink Animal Textures: Fur Strokes and Scale Patterns

Original task 3 / independent drawing and calculation

Task 3

Create a combined panel: left half fur with 6 strokes per square centimetre, right half scales with 3 scales per square centimetre (hypothetical values). Draw a clean boundary.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Ink Animal Textures: Fur Strokes and Scale Patterns

Original task 4 / independent drawing and calculation

Task 4

Draw a fur patch where strokes curve around a semicircular form, then add a scale patch below it with a horizontal boundary. Use at least 8 fur strokes and 6 scales.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
