Tea Set Drawing: Pot, Cups, Saucers, Handle and Spout Shapes

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Tea Set Drawing: Pot, Cups, Saucers, Handle and Spout Shapes

Worked example / complete source key

A pot body is drawn as an oval 12 cm wide and 10 cm tall. The spout starts at 6 cm height and rises 4 cm. The handle loop is 5 cm wide. Check whether the spout and handle are balanced.

Answer: The spout starts at 6 cm, which is above the body midline of 5 cm, so it leaves from the upper third. The handle loop at 5 cm wide is about half the body width, which is a reasonable hypothetical proportion. They are on opposite sides, so the pot is balanced.
