Draw a Witch on a Broomstick: Silhouette, Hat and Bristle Detail

Original task 1 / independent drawing and calculation

Task 1

A figure box is 16 cm wide and 20 cm tall. Using the lesson proportions, calculate the hat cone height and bristle fan width.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Witch on a Broomstick: Silhouette, Hat and Bristle Detail

Original task 2 / independent drawing and calculation

Task 2

Describe how to place the seat anchor and broom handle so the rider and broom form one silhouette. Use a bounding box and at least two anchor points.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Witch on a Broomstick: Silhouette, Hat and Bristle Detail

Original task 3 / independent drawing and calculation

Task 3

A drawing has a hat cone 7 cm tall on a figure box 18 cm tall, and a bristle fan 5 cm wide on a box 14 cm wide. Compare these to the lesson proportions and state whether each is larger or smaller.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Witch on a Broomstick: Silhouette, Hat and Bristle Detail

Original task 4 / independent drawing and calculation

Task 4

List three changes that would make a bristle fan read as a solid block, and give one fix for each.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
