Draw a Running Chicken: Leg-Position Motion Study

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw a Running Chicken: Leg-Position Motion Study

Worked example / complete source key

Draw a four-frame running chicken strip using a 4-unit leg length and a 6-unit stride span. Label the near and far leg in each frame.

Answer: Frame 1: near foot 3 units forward, far foot 3 units back. Frame 2: near foot under body, far foot 3 units forward. Frame 3: near foot 3 units back, far foot 3 units forward. Frame 4: near foot 3 units forward, far foot under body. Body oval and head height stay constant; curved arrows connect each foot to its next position.
