Draw an Acorn: Cap Texture and Nut-Body Shading

Original task 1 / independent drawing and calculation

Task 1

Draw an acorn 8 cm tall with a cap 2 cm tall. Place the widest nut point 2 cm below the cap rim. Use cross-hatch texture and two tones only: light and dark.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw an Acorn: Cap Texture and Nut-Body Shading

Original task 2 / independent drawing and calculation

Task 2

Draw an acorn 12 cm tall. Make the cap 4 cm tall and the nut body widest 5 cm below the rim. Use a light direction from the left and three tones. Add a thin clear border at the cap rim.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw an Acorn: Cap Texture and Nut-Body Shading

Original task 3 / independent drawing and calculation

Task 3

Draw two acorns side by side, each 9 cm tall. Give the first a cap 2.5 cm tall and the second a cap 3.5 cm tall. Use cross-hatch on both caps but vary the patch density. Shade both nut bodies with three tones.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw an Acorn: Cap Texture and Nut-Body Shading

Original task 4 / independent drawing and calculation

Task 4

Draw an acorn 10 cm tall with the cap rim crossing the nut outline. Erase the nut line inside the cap area. Add cross-hatch texture and shade the nut body with a dark zone under the rim and near the tip. Use a light direction from the upper left.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
