Draw an Acorn: Cap Texture and Nut-Body Shading

Original worked example / unchanged complete key

Prompt: Draw an acorn about 10 cm tall on plain paper. Use a light direction from the upper right. Add cross-hatch cap texture and three-tone nut shading. Check that the cap height is about 3 cm and the widest nut point is about 3.5 cm below the cap rim.

Answer: A completed acorn with a dome cap about 3 cm tall, a nut body widest about 3.5 cm below the rim, cross-hatch texture in small patches, and three tones: light on the upper right, medium on the lower left, dark under the rim and near the tip.
