Bold Contour Outlines for Japanese-Style Wave and Fish Tattoo Drawing

Original task 1 / independent drawing and calculation

Task 1

Draw a wave-band spiral with four turns. Use an x-height of 2 cm and keep the gap between turns equal to one x-height. Trace the outer edge with a bold contour, leaving a small opening at the center.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bold Contour Outlines for Japanese-Style Wave and Fish Tattoo Drawing

Original task 2 / independent drawing and calculation

Task 2

Draw a fish body with a centerline 10 cm long. Mark the middle width as three x-heights and the tail width as one x-height, using an x-height of 1 cm. Add a dorsal fin mark on the upper edge and a pectoral fin mark near the lower front.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bold Contour Outlines for Japanese-Style Wave and Fish Tattoo Drawing

Original task 3 / independent drawing and calculation

Task 3

On scrap paper, draw one thin line and one bold line. Compare them and state a working bold-to-thin ratio. Then draw a short wave band using that ratio, keeping the bold contour on the outer edge only.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bold Contour Outlines for Japanese-Style Wave and Fish Tattoo Drawing

Original task 4 / independent drawing and calculation

Task 4

Redraw a wave-fish pairing from memory using only baseline and midline marks. Keep a gap of one x-height between the wave band and the fish. Use an x-height of 1.5 cm and state where you placed the gap.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
