Cartoon Kitty Drawing: Ears, Whiskers, and Tail Shapes

Original worked example / unchanged complete key

Prompt: Draw a cartoon kitty with rounded ears, three whiskers per side, and a tail that curls upward. Use a head circle and body oval. Place eyes about one x-height apart.

Answer: A finished cartoon kitty with a round head, two rounded ears on top, two oval eyes on the horizontal midline about one x-height apart, a small nose, a simple mouth curve, three curved whiskers on each side of the muzzle, and a tail attached at the back of the body that curls upward in one smooth curve. Construction lines are erased and the outline is darkened.
