Deer Mount Drawing: Head, Antlers, and Plaque Construction

Original task 1 / independent drawing and calculation

Task 1

On a 15 cm by 20 cm page, draw a deer mount with a hypothetical head height of 6 cm, neck base width of 4 cm, and a rectangular plaque 8 cm wide by 10 cm tall. Add one antler main beam of 5 cm per side with one 2 cm branch. Check the plaque margin.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Deer Mount Drawing: Head, Antlers, and Plaque Construction

Original task 2 / independent drawing and calculation

Task 2

Draw a deer mount with an asymmetric antler plan: left main beam 6 cm with two 2 cm branches, right main beam 5 cm with one 3 cm branch. Use a shield plaque 9 cm wide by 12 cm tall and a neck base of 4 cm. State one check that confirms the antlers are attached.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Deer Mount Drawing: Head, Antlers, and Plaque Construction

Original task 3 / independent drawing and calculation

Task 3

A student uses a plaque 7 cm wide and a neck base 4 cm wide, centered. They claim the margin is 1.5 cm per side. Check the arithmetic and state whether the plaque supports the base.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Deer Mount Drawing: Head, Antlers, and Plaque Construction

Original task 4 / independent drawing and calculation

Task 4

Draw a deer mount with a head height of 7 cm, eye line at 3.5 cm above the chin baseline, and ear bases 1 cm above the eye line. Add antlers with main beams of 5 cm and one 2 cm branch per side. Use a plaque 9 cm wide by 11 cm tall and a neck base of 5 cm. Check the eye line placement and plaque margin.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
