Femboy Pose Drawing: Posture and Limb Placement Variants

Original task 1 / independent drawing and calculation

Task 1

Draw variant one: arms open, legs apart. Use a hypothetical x-height of three grid squares and a torso length of nine grid squares. State the posture word and one alignment check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Femboy Pose Drawing: Posture and Limb Placement Variants

Original task 2 / independent drawing and calculation

Task 2

Draw variant three: arms crossed low, knees slightly bent. Use a hypothetical x-height of two grid squares and a torso length of five grid squares. Keep the foot baseline level and label the posture word playful.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Femboy Pose Drawing: Posture and Limb Placement Variants

Original task 3 / independent drawing and calculation

Task 3

Draw variant four: one arm raised, one leg lifted. Use a hypothetical x-height of two grid squares and a torso length of six grid squares. State which foot supports the hip center and give one check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Femboy Pose Drawing: Posture and Limb Placement Variants

Original task 4 / independent drawing and calculation

Task 4

Draw an independent pose in a blank practice box using any variant. Write the posture word and variant number. Use a hypothetical x-height of two grid squares and a torso length between four and seven grid squares. Give one proportion check and one limb-root check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
