Draw a Four-Person Base with Grouped Figure Guides

Original worked example / unchanged complete key

Prompt: On a hypothetical 20 cm by 15 cm page, place a ground line 4 cm from the bottom. Mark four anchors 3 cm apart starting 4 cm from the left edge. Set a head-top guide 10 cm above the ground line. Build four block figures with poses: straight, weight shift, slight turn, gesture. Show one overlap between figures 2 and 3.

Answer: Ground line at y = 11 cm from the top (4 cm from bottom). Anchors at x = 4, 7, 10, and 13 cm. Head-top guide at y = 1 cm from the top (10 cm above ground). Four head circles with tops on the guide, torsos below, limbs as single lines. Figure 2 leans right, figure 3 turns left, and figure 3's left arm stops at figure 2's torso outline to show overlap. All feet sit on the ground line.
