Draw a Rhododendron: Clustered Trumpet Blooms Step by Step

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw a Rhododendron: Clustered Trumpet Blooms Step by Step

Worked example / complete source key

Draw a rhododendron branch with a cluster of three trumpet blooms and two leathery leaves. Use a light oval envelope, three bloom centers, five lobes per mouth, and leaves attached below the cluster.

Answer: A completed line drawing shows a curved branch entering a rounded cluster envelope. Three funnel-shaped trumpets flare into five soft lobes each, angled differently. Two elongated leaves curve downward from the branch below the cluster, each with a central vein. The envelope is erased, and light shading sits under the cluster.
